Restoran **Maki**

For decades, Restaurant Maki has been located in Gospić and has been considered one of the gems of hospitality and gastronomy in the Lika region, with roots grounded in a family tradition dating back to 1971, when it began as a traditional tavern and later developed into a restaurant. Today, Restaurant Maki is a modern motel with 60 rooms, 7 apartments, 150 beds, and its own vehicle fleet. We offer seating capacity for 300 guests and are located just 1,500 meters from the Zagreb–Split motorway.

Restoran **Maki**

For decades, our restaurant has been a symbol of healthy, homemade cuisine. No one has ever left Lika dissatisfied with the food and drink. Lika has long been known for its grilled lamb, prosciutto and cheese, steaks, and other traditional local specialties. We offer chicken, turkey, and veal slow-cooked under the bell (peka), along with a wide selection of grilled dishes. The flavors are perfectly complemented by local plum brandy, blueberry brandy, herbal brandy from Mount Velebit, or Velebit craft beers. It is clear why our guests always leave satisfied. Great food calls for quality rest, which we provide through a variety of accommodation packages in one of our four luxuriously furnished buildings. These buildings feature high-quality apartments decorated in blue and pink tones, designed to meet your needs and ensure your privacy. The facilities also include bathrooms adapted for guests with disabilities. You may choose between bed and breakfast, half board, or full board, staying in a single room, double room, or apartment. We will make your stay in Gospić and at Motel Maki a pleasant base for many excursions and sightseeing trips throughout Lika, including Plitvice Lakes National Park (70 km), Northern Velebit National Park (55 km), Paklenica National Park (60 km), and the Cerovac Caves located in the Velebit Nature Park (50 km). Would you like to go on an excursion or enjoy a leisurely walk along the historic Carolina Road built in 1711, or the Theresiana Road from 1874? Would you like to visit the unique sanctuary for orphaned bear cubs in Kuterevo, or enjoy the beauty of the Štirovača forest? How often do you have the opportunity to enjoy the untouched nature of continental Croatia or swim in the Adriatic Sea, a true jewel among seas? Would you like to experience Lika, explore Croatian islands, or admire the Adriatic Sea from the mountain peaks of Zavižan and Vaganski Vrh?

NOVO! NOVO! NOVO!

If you enjoy fishing or hunting, you should visit the Lika River and its tributaries — Kruščica, the Gacka River, known for its opal-colored waters, as well as the unique rivers that belong to Plitvice Lakes National Park.

Hunting offers unforgettable experiences on the slopes of the Velebit, Velika Kapela, and Plješivica mountains. We can also arrange hunting packages with hunting dogs, along with additional accommodation options.

To make your stay at Motel Maki as pleasant as possible, we have expanded our services to include organized excursions (accommodation from 3 to 15 days). Some of the most popular destinations include Lika, Zadar, Plitvice Lakes National Park, Kornati National Park, Paklenica National Park, Velebit, the Nikola Tesla Memorial Center, rafting on the Zrmanja and Una rivers, visits to the Gacka Valley, Velebit safari tours, hiking, Rizvan City Adventure Park, the sanctuary for orphaned bear cubs in Kuterevo, and the Sanctuary of Our Lady of Krasno.
