# KURIJA

je povijesni hrvatski naziv za dvor domaćeg plemstva te ujedno predstavlja i primjer autohtone stambene gradnje bogatijih ljudi u Turopolju. Krajem 18. stoljeća su u Donjoj Lomnici postojale su četiri plemićke kurije, ali je do danas preživjela samo jedna - kurija stare plemenitaške obitelji Modić-Bedeković. Ovu, danas najsačuvaniju kuriju dao je sagraditi potomak Petar Modić 1806. godine, o čemu svjedoči urezani natpis na glavnoj stropnoj gredi u predvorju.
