

OUR CUISINE & FADO

Our proposal brings together two pillars of Portuguese culture: a **Portuguese cuisine rooted in tradition, with a contemporary and thoughtful approach**, and fado, presented in an intimate and authentic setting. The dining experience is not limited to a single dish, but unfolds as a complete journey, designed to accompany **a night of fado lived with the authenticity of everyday life**.

HOW THE EXPERIENCE WORKS

- Traditional-inspired starters
- Main course of your choice: fish, meat or vegetarian/vegan option
- Drinks included during the meal: wines with and without alcohol, juices and water
- Dessert
- Live fado performance with several performances throughout dinner

FADO AT MARIA DA MOURARIA

The performance offers a journey through traditional and contemporary fado, interpreted by experienced singers and musicians, and also includes moments dedicated to the Portuguese guitar. Performances take place throughout the meal, allowing dinner to flow naturally, in an atmosphere of closeness and respect, just as fado is lived in the city's daily life.
