COCKTAILS

Properly served. No regrets

At **Sin Pena**, we believe great cocktails don't need reinvention. **They need respect.**

Our cocktail menu is built around the world's most loved classics — drinks people recognise, crave and enjoy without thinking too much. Some are served exactly **as they should be.**

Others are gently reworked, using infusions, texture or seasonal touches. **Just well-made drinks, designed for our climate, our terrace and the way people enjoy cocktails today.**

Enjoyed slowly. Enjoyed, *sin.pena*.
