Dear guests,

Since April 1st, 2022, the long-serving chef has taken over the business and continues to run it with renewed vigour.

Some things have already changed. A little more comfort here, a little more modern there.

We started with the beer garden and redesigned it according to our ideas. The food and drink menu has also changed. In the afternoon there is coffee with homemade cake.

Step by step it will go on... we'll be happy to keep you up to date.

We really hope that you like us and that you feel comfortable. We are always happy to receive ideas and suggestions.

We prepare you a pleasant stay and wish you a good appetite.
